

Bounded Communication Fault Tolerance

David Ponarovsky

November 19, 2025

Introduction

Today:

- ▶ Bounded Communication Fault Tolerance
 1. Walkthrough the math
 2. Alternative definition to Expander decomposition
 3. (d, k) - Toric
- ▶ New experimental results.
- ▶ Answering the code teleportation.

The Theorem

Theorem

For any function $(r,v) f$ and $\mathbf{E}_a[f]$:

$$\mathbf{E}_{\sim q^{(t)}}[f] \leq \mathbf{E}_{\sim p}[f] + t|f|e^{-\Theta(\sqrt{n})}$$
